My Dear Mr Frost:

Yours of 11th received, much obliged for circulars and list of subscriptions paid. Mr Dietz will probably send you $10. in a few days. He has subscribed that amount and I requested him to remit it to you. I wrote a note to Mr Dietz when acknowledging his subscription, it might be as well for you to acknowledge Mr Grohs. We have so far 8 to subscribed and a number yet to hear from. If we can get $40. to complete the amount so that we can consider the thing assured.

Now there is another thing which I would have written to you about sooner but it was just that my time was so taken up through moving that I had to drop every thing of the kind for several weeks, and in regard to the paper you read last winter "Things you do not know", Are you willing to let us have a copy of it to publish in the Proceedings? I have it not of the papers in hand so would like to have this as soon as possible, so as to get them all ready for the printer, there is no reason now why we should not go ahead

and push this work as fast as we can.

Hoping to hear from you soon I am

Cordially yours

Thomas Ho Wilson
